MEMORANDUM FOR: **MR. BULLIS**

I have amended the attached letter which you signed previously in accordance with your suggestion.

From the White House the Arlington Hall site is 5-3/4 miles; the Langley property is 8 miles; the Suitland property is 8 miles; the Public Health property in Bethesda is 9 miles; and the Beltsville and Hybla Valley properties are each 12 miles, but I do not believe that we should consider them seriously.

Via the grapevine I understand that General Paul, who handles emergency planning for Arthur Flemming, may not be too receptive to this concept.

MEMORANDUM FOR:

tion. For this reason I would suggest that you either hand this letter to Mr. Flemming or authorize me to handcarry it to him so that it will not be routed to General Paul first, which might be the case if we sent it through the mail.
